24. On our safaris through the National Parks and Reserves, we carry out as many safaris as the hours of light allow us to get the most out of the visit to this reserve. The safari at each overnight stop/park is indicated on each itinerary. On days where clients have a full day in the park, we offer two safaris: **sunrise safari from 06:30 a.m. to 08:45 a.m.** or **morning safari from 07:30 a.m. to 09:45 a.m.** and the afternoon safari for each option. The afternoon safari normally takes place between **the hours of 4:00 p.m. and 6:00 p.m.**

25. **A HALF DAY visit** to the crater is included in the programs that visit Ngorongoro Crater in Tanzania. It will be our decision or that of the Ngorongoro Park Authorities, whether to carry out this visit in the morning or afternoon.

26. Transportation: Transfers in our regular programs will be in shared vehicles. Transfers in the cities can be done by mini bus or 4x4, while road safaris in the Kenya sector are done in our 6-seater 4x4s. On the other hand, in Tanzania the safaris are done in 4x4 vehicles (long chassis, 06-seater or short chassis, 04-seater Landcruiser/Landrover depending on the number of people in the contracting group). The vehicles have a pop-up roof for better animal observation and to take photos during photographic safaris. So that each traveler has a guaranteed window seat, we recommend a maximum of 06 passengers in the safari 4x4.
